Description :

Prsentation de l'diteurThey said there were no monsters. But there are.It is the 23rd Century. Across the cold void of space, alien monsters prey on humanity: infesting generation-ships, destroying colonies, and transforming humans into hosts for their foul spoor. From the insectoid hive-beasts of Klaatu, to the xenomorphic parasites of the outer rim, this book contains the sum total of human knowledge of the myriad forms of alien menace; where to find themand how to kill them. In this guide you will find details of mankind's greatest champions, the marines of STAR Industries. With their state-of-the-art technology and advanced combat tactics developed over a century of warfare, the STAR marines battle the alien, wherever it may strike.Prsentation de l'diteurThey said there were no monsters. to the xenomorphic parasites of the outer rim, this book contains the sum total of human knowledge of the myriad forms of alien menace; where to find them and how to kill them. In this guide you will find details of mankind's greatest champions, the marines of STAR Industries. With their state-of-the-art technology and advanced combat tactics developed over a century of warfare, the STAR marines battle the alien, wherever it may strike.

Biographie de l'auteur Mark Latham is a writer, editor and games designer from Staffordshire, UK. After graduating with an MA in English literature from the University of Sheffield, Mark went on to become the editor of *White Dwarf* magazine, and then the managing editor of Games Workshop's games development team, before finally becoming a full-time author of novels, short stories and games. A keen amateur historian, Mark is fascinated by the nineteenth century, leading to the production of the popular tabletop games *Legends of the Old West*, *Trafalgar* and *Waterloo* for Warhammer Historical. The author lives in Radcliffe-on-Trent, UK.
