## Description :

Prsentation de l'diteurWORST TWO OUT OF THREEWhen a 60 kiloton nuclear explosion destroys the University of Central Florida, terrorism is the first suspect. But terrorists don't generally leave doorways to another world in their wake. Or, rather, a generator of doorways to multiple other worlds.With time of the essence, the Secretary of Defense scrounges up the nearest physicist with a high level security clearance. With doctorates in everything from nuclear physics to electrical engineering, William Weaver, PhD, is the egghead's egghead. On the other hand, with skills in everything from mountain biking to screaming electric guitar, he's also fast enough and tough enough to survive when the alien gates start disgorging "demons."As a snap decision, he appears to be the perfect choice, smart, tough and capable. Now if he could only patch things up with his girlfriend, get his boss off his back and get his cellphone bill paid. Oh, yeah, and figure out why the heck these gates keep opening. Okay, so sometimes he's got priority issues.As the gates spread and evil aliens spread with them, it is up to Weaver and SEAL Command Master Chief Miller to find a way to stop the proliferation and close the hostile gates. The problem being that the only way they can see to save

the earth is destroy it. Then there's not going to be any more girlfriends or cellphones or bosses . . .

.Hmmm...Okay, two out of three of those are bad. They're really, really bad. Bad on toast. Bad like the Pacific is watery. Every day a Monday, bad. One and a half at the very least. Worst two out of three. Gotta prioritize. Guess Weaver and Miller are just gonna have to save the world. At the publisher's request, this title is sold without DRM (DRM Rights Management).

**Biographie de l'auteur**

John Ringo had visited 23 countries and attended 14 schools by the time he graduated high school. This left him with a wonderful appreciation of the oneness of humanity and a permanent aversion to foreign food. A veteran of the 82nd Airborne, he brings first-hand knowledge of military operations to his fiction. His novels for Baen include the four novels in the New York Times best-selling Posleen Invasion series (A Hymn Before Battle, Gust Front, When the Devil Dances, and Hell's Faire), the two (so far) novels in his new far-future series (There Will be Dragons and Emerald Sea), and three collaborations with the New York Times bestselling author David Weber (March Upcountry, March to the Sea and March to the Stars).
