Description :

Prsentation de l'diteurIts Supernatural meets The Men in Black in a darkly humourous urban fantasy from the author of Nekropolis.When you dream, you visit the Maelstrom. Dream long enough and hard enough, and your dreams can break through into the living world.So can your nightmares.And who's there to catch the dreams and nightmares as they fall into reality?Meet the Nightwatch. Pray you never need them...Revue de presse"One of the most invigorating reading experiences I've had in a while ... an up-and-comer who's worthy of the hype - Tim Waggoner is well on his way to being proclaimed horror fiction's leading surrealist." - --Jack Loyd, Cemetery Dance magazine."It's hard to say if this singular novel, which boasts a wicked sense of humor to round off the horror, should be eligible for an Edgar Award or a Bram Stoker or both." --Elliot Swanson, Booklist, on Nekropolis."Waggoner is in possession of a talent that should be taken

seriously, and I can't wait for his next book." - --Johnny Butane, The Horror Channel
