feel every emotion felt by every character. It's powerful, it's intense, and emotion all wrapped up in one book that just explodes. Excellent book!!! Goodreads Best teen supernatural book Ive read all year! A Tale of Paranormal Unattainable, totally worth the time. This is a new spin on vampires and slayers. Goodreads I cried so much and laughed with joy. Not what I expected from a vampire book series. Once Upon a Vampire Twists and turns and ups and downs were amazing and I couldn't believe the ending!! Goodreads What do you want from me? I demanded. Dean examined my eyes and looked disappointed in what he saw. Do you remember anything? He asked with hope. What are you talking about? I demanded, as I pretended not to feel a rush of excitement from his close presence. Do you remember anything from your human life? Dean asked and tilted his head to the side. No. I responded immediately. Are you sure? Think really hard. Dean insisted. I dont. Ive already tried thinking really hard. Why is this so important? I asked.

Ignoring my question, Dean asked, Do you remember your friends? Family? He hesitated and nervously rubbed the back of his neck. Maybe a boyfriend you had? s: Omg E.M. Jade has done it again with the flip flop. Just when things get in Deans reach something else happens. In the second book of this series you can feel the pain and the longing Dean has for Mindy and it's heart wrenching. You feel every emotion felt by every character. It's powerful, it's intense, and emotion all wrapped up in one book that just explodes.

Excellent book!!! Just excellent. I loved it and I will continue to follow E.M. Jades writing always. (Goodreads)Unattainable, totally worth the time. This is a new spin on vampires and slayers. It's not the same song and dance that other books are coming out as. Different points of view throughout the whole story. Makes you wonder who is the good guy and who is the bad guy. The last few pages of this book made me jump up off the couch and read them standing up. I need book 3!!! (Goodreads)I greatly enjoyed this excellent Part 2, just as I was equally captivated by the first novel. She is an extremely talented writer. The tension is awesome, the romance is not overwhelming. I can't wait for her follow up novel! (Goodreads)Great Book! Loved it just as much as the first one. Have put this and Captivated on my favorites shelf.

Sometimes, I feel like writers follow the path of least resistance and their stories are somewhat predictable in the end. Not so much that it ruined their story, but in a way that when you finished reading it, you realize that you thought or had hoped it was going to end that way and you were just fortunate enough to enjoy a few bumps in the road. That is not the case with this series. (Goodreads)This book was even better than the first. I was pulling my hair out for most of the book! Twists and turns and ups and downs were amazing and I couldn't believe the ending!! I can't wait for the next book!
